

2900 LOS FELIZ BLVD., LOS ANGELES, CA

Riggins Construction & Management, Inc. is proud to announce the completion of the exterior upgrade to this AT&T Store franchise operated by Affordable Portables located at 2900 Los Feliz Blvd. in Los Angeles, CA.

Not only did the renovation include a new four-ply built-up roof with Title 24 compliant, energy-saving cap sheet, but this building received cosmetic surgery with new wall furring, stucco, cornice moldings, and red brick veneer at the built-up façade extensions topped off with custom-fabric awnings.

Custom paint highlights architectural details, as does 1,035 square feet of thin brick veneer, all of which was finished with anti-graffiti coating. Even the city parkway was beautified with Acker-Stone Interlocking Pavers.

Three new display windows were recessed to highlight product, giving this retail building even more exposure to street and pedestrian traffic.

The before and after shots tell it all.

Before: note the lack of windows, the previous façade, picket fence behind the building, and grass at the parkway.
