Riggins Construction  
& Management

To Tom & All,

Another year gone by and the ones that were diligent, ethical, flexible and decisive more than survived. Those four words epitomize, in my humble opinion, the partnership that has been created by our two companies. It has been, without a doubt, a real pleasure in working with a company such as Riggins, which shares the same goals and core strengths as a firm, as we do here.

We at Jordan Roof have worked with many a GC over our past 35-plus years. Many have fallen short of holding their end up. Riggins Construction, on the other hand, has shown consistent leadership in the field, superior logistic and quality control over-site, and, most importantly, an attention to detail and the acute ability to be flexible when the need arises.

I just wanted to personally thank you for helping to make my job easier on the work we have collaborated on over, not just this last year, but, the previous years also. I wish you many successes in the years to come and fruitful and strengthened relationships with all that come to have an opportunity in working for or with one of the best.

Warmest Regards,

*Bill Jordan*

Bill Jordan  
President & CEO  
Jordan Roof Company Inc.
