Dear Mr. Riggins,

I wanted to write a letter of recommendation for the services you provided my company. The remodeling project for our new facility went extremely smooth. Throughout the project you kept Poly-Tak informed about the building process, stages of completion, code issues, and cost budgeting. You met our expected time line and the quality of the craftsmanship was extremely good. I would have no problem recommending your company to anyone who is interested in building construction or remodeling.

Thanks for a great experience.
